Dear [Redacted]

One of the things I have been asked to do in my new post is to serve as the IC Staff's focal point with USIB Committee Chairmen.

I want to be able to relate IC Staff work to that of the Committees and I want to be able to assist you in all possible ways in your reaching your goals.

It will help me to have a clear idea of your priorities, objectives, accomplishments and problems. I am doing some research by looking at LOI's, past and proposed and by looking over the legislative charges under which you operate. But the best approach will be to have some talks together and I will be in touch with you soon to make an early date.

Faithfully yours,
